

## Perimeter sidewalk replacements

August – September, 2017

*As sidewalk replacement begins at 15 neighborhood parks, this information is designed to address questions the public may have.*

### ***When does the work start at this park?***

The contractor begins work August 7 and replacements at all 15 parks will be completed by September 30. However, specific start and end dates for each park are not available, because the contractor is doing this MPRB work through a larger contract with the City of Minneapolis.

### ***How is this work funded?***

It is funded through the 20-Year Neighborhood Park Plan (NPP20), a long-term plan that reverses years of underfunding in neighborhood parks. More information is below and at [www.minneapolisparcs.org/NPP20](http://www.minneapolisparcs.org/NPP20).

### ***Are accessible curb ramps being installed or replaced?***

As a separate project coordinated with the City, curb ramps will be added or replaced as necessary at all corners of an intersection and other locations along a street. This ensures ramps are available on both sides of a crosswalk, for instance, not just one side.

### ***When will the rest of the sidewalks be fixed?***

The priority is segments that are in the worst condition, so there could be multiple replacement and repair projects at one park in the coming years. Sidewalk conditions at all parks were rated as part of a pavement assessment last year.

### ***What about paths inside the park?***

Interior paths will be repaired and replaced as a separate project. The focus for this project is on perimeter sidewalks.

### ***Are other repairs planned for this park?***

More information on current and planned projects is available at [www.minneapolispark.org/NPP20](http://www.minneapolispark.org/NPP20). It is updated as new information such as park locations and project dates become available, and as capital investment and rehabilitation projects are planned each year through MPRB's capital improvement program (CIP).

### ***How can I stay up to date on these projects?***

Visit [www.minneapolisparcs.org/subscribe](http://www.minneapolisparcs.org/subscribe) to get updates on NPP20 and other park projects.

## **NPP20**

**The 20-Year Neighborhood Park Plan**

**El Plan de Parques de 20 año**

**20-Sano Qorshaha Xaafadda**

NPP20 helps address racial and economic equity across 160 neighborhood parks and provides \$11 million annually to maintain, repair and replace facilities.

NPP20 ayuda a abordar la equidad racial y económica a través de 160 parques y proporciona anualmente \$11 millones de dólares para mantener, reparar y reemplazar las instalaciones.

NPP20 caawisaa cinwaanka sinaanta Jinsiyadda iyo dhaqaalaha ee guud ahaan 160 beer (parks) waxayna bixisaa \$ 11 million sanad walba si ay u ilaaliyaan, dayactirka iyo bedalaadda goobaha.
