I. Executive Summary

The East Harriet Farmstead neighborhood is a community unlike any other that has its own set of strengths and its own set of challenges. We are fortunate to have relatively little crime on our streets and a beautiful lake and acres of gardens as our community's backyard. Indeed these characteristics along with our old but unique and sound housing stock, our Lyndale Farmstead Park at the center of our neighborhood, a strong school presence, and a vibrant business community make East Harriet Farmstead a model of what is good.

But we're not there yet. We face challenges as well. We need to bring more neighbors into the EHFNA fold to improve those parts of our neighborhood that can be better. We have work to do in the areas of transportation, environment, and park programming. And of course all those things we know are good about East Harriet Farmstead can always be improved upon.

This document represents the long-term commitment and participation of neighborhood residents of the East Harriet Farmstead neighborhood in the NRP process and is evidence that the EHFNA NRP Phase II committee operated with the basic precept that East Harriet Farmstead Neighborhood is a sound and livable place.

This Action Plan takes the eight separate strands of parks, environment, community, housing, businesses, schools, safety & crime, and traffic & noise and weaves them together into a plan that serves to guide our neighborhood and make our community tapestry stronger and more vibrant than the sum of its parts.

This plan takes each of the eight strands and defines a vision, goals, and ways to achieve those goals for each strand – separately. The ultimate end to this plan however is an East Harriet Farmstead community that weaves together all of its strengths and weaknesses to create a vital, creative, engaged, and dynamic neighborhood that

not only contributes to the strength of the city but also is a model for neighborhoods across Minneapolis.

EHFNA is set to receive \$218,316 in the second phase of NRP programming. The following pages document the East Harriet Farmstead Neighborhood's priorities for this phase and allocations for each program or "strategy" to achieve those priorities from approximately 2005 – 2010.

II. PARKS

NRP Phase II Allocation **\$10,000**
Percentage of Total Phase II Dollars *4.6%*

VISION

The East Harriet Farmstead Neighborhood Association is an active and leading partner in creating a neighborhood with a clean, vital, safe, and active park system. The neighborhood utilizes its park space as an integral aspect of community and is looked upon as a model of a community with parks at its core.

GOAL 1: Work with Lyndale Farmstead Park, the Minneapolis Park and Recreation Board and other stakeholders to plan, manage, maintain, and promote the viability of the neighborhood's park resources. (2.1)

Objective 1: Continue developing Lyndale Farmstead Park programs and infrastructure. (2.1.1)

Applicable City Goals

- Promote public, community and private partnerships to address disparities and to support strong, healthy families and communities.
- Strengthen City government management and enhance community engagement.

Strategy 1: Define the financial, programmatic, and infrastructure needs of Lyndale Farmstead Park and work with stakeholders to identify and invest resources to follow through on Lyndale Farmstead Park's needs and priorities where feasible. (2.1.1.1)

NRP Phase II Funding: \$6,500
Contract Manager: MPRB

Strategy 2: EHFNA will establish a board liaison responsible for working with Lyndale Farmstead staff to facilitate generating ideas, researching viability, and implementing programs. (2.1.1.2)

NRP Phase II Funding: None

Objective 2: Continue developing programs and infrastructure for East Harriet Farmstead regional parks, including: Rose / Peace / Rock Gardens; Kings Highway; Roberts Bird Sanctuary; and Lake Harriet for the use and benefit of area residents. (2.1.2)

Applicable City Goals

- Promote public, community and private partnerships to address disparities and to support strong, healthy families and communities.
- Strengthen City government management and enhance community engagement.

Strategy 1: Define the financial, programmatic, and infrastructure needs of East Harriet Farmstead regional parks and work with stakeholders to identify and invest resources to follow through on regional park needs and priorities where feasible. (2.1.2.1)

NRP Phase II Funding: \$3,500
Contract Manager: MPRB

Strategy 2: Explore the possibility of developing a skate park in the EHFN with an associated citywide event. (2.1.2.2)

NRP Phase II Funding: None

Objective 3: Work with park and neighborhood stakeholders to bring East Harriet Farmstead Neighborhood Association representation to decisions made regarding park resources and to bring appropriate park-related information to neighborhood residents and business owners. (2.1.3)

Applicable City Goals

- Create an environment that maximizes economic development opportunities within Minneapolis by focusing on the physical and human assets.
- Preserve and enhance our natural and historic environment and promote a clean, sustainable Minneapolis.
- Promote public, community and private partnerships to address disparities and to support strong, healthy families and communities.
- Strengthen City government management and enhance community engagement.

Strategy 1: Appoint an EHFNA representative to monitor Minneapolis Park and Recreation Board proceedings, especially with respect to issues that will potentially affect the neighborhood. (2.1.3.1)

NRP Phase II Funding: None

Strategy 2: As the Wirth House is a valuable neighborhood resource; EHFNA will work with the MPRB and other stakeholders to seek ways to be involved in planning the house's use. (2.1.3.2)

NRP Phase II Funding: None
